## 2 - Chairperson's Report

Chairperson Stephen Judd delivered his first report as Chairperson.

InternetNZ finished the 2024/25 financial year strong, ready for future growth and community impact.

The 18-month Constitutional Review was a significant achievement, modernising governance, strengthening Te Tiriti o Waitangi commitment, and adopting best practices for a contemporary membership organisation through extensive planning, reflection and engagement.

The Constitutional review saw a surge in membership from 372 to 4,699. Over 80% of eligible members voted for the new Constitution, formalising InternetNZ's direction and renewing its mandate for inclusive, future-focused governance. The Board and staff were commended for managing this growth while maintaining operations. New members were welcomed.

Centering Te Tiriti o Waitangi in InternetNZ's work was a strategic and personal priority this year for the Chairperson, with the new Constitution reinforcing this commitment. In the coming year, InternetNZ will develop a clearer vision of Te Tiriti's role and outline practical steps for implementation, understanding that meaningful change takes time.

InternetNZ focused on its mission to maintain a thriving .nz domain space. The three-year product strategy ensured the .nz domain remained reliable, resilient, and secure, with continued policy development, conflict resolution, and rule updates for a fair and future-ready environment.

The distribution of just under a million dollars to support strategic partners in the digital equity ecosystem and digital equity initiatives across Aotearoa.

Chairperson Judd thanked former President Liddicoat, InternetNZ and Domain Name Commission Board Members, Chief Executive and staff for their contributions. Acknowledged members, partners, and stakeholders for their engagement, trust and support, affirming the honour in chairing Ipurangi Aotearoa Board as InternetNZ moves forward with optimism.

### 3 - 2024/25 Annual Report and Audited Annual Accounts

#### 3.1 Annual Report

Tumu Whakarae, Chief Executive, Vivien Maidaborn presented the highlights of the 2024/25 Annual Report. The CE noted it's the final year of the five-year strategy, explained the Niho Taniwha symbol and Te Tiriti o Waitangi-centric focus.

Highlights:

- Membership growth to 4,699 was highlighted, alongside a 5% staff turnover rate.
- 750,909 .nz domain names under management with .co.nz the strongest.

- Completed the .nz rules review for 2024, an annual work programme of changes or updates to the .nz rules. Rules (version 3) were amended and came into force in November 2024.
- Finalised the pathway for resolving conflicted names, approved by the Board in 2025. Supported parties through the final resolution process including government and iwi.
- New administration and updated rules for the disputes resolution scheme.

### 3.2 Audited Annual Accounts

Deputy Chairperson Anjum Rahman, as Chair of the Audit and Risk Committee, presented the audited annual reports, highlighting key financial outcomes for the year:

- A deficit of \$179,000.
- Static revenue levels.
- An overall increase in spending of \$1 million, attributed to an approximate \$400,000 investment in the .nz product market position and a \$600,000 investment in resourcing within .nz, including filling vacant positions from the previous year.
- Investment income was lower than anticipated due to the effect of international events.

The organisation maintains significant cash reserves and equity due to deferred revenue. Customers pre-pay domain services for up to 10 years which creates a liability that we need to offset by holding cash reserves to prevent insolvency. As a technology company the organisation also needs to reserve cash to cover the regular replacement and update of hardware and software.

In 2024 \$11m was ringfenced in investments for funding public impact grants and sponsorship, and we aim to maintain disbursement of at least \$1.0m per annum.
