

## Instructions

Kia ora. The questions below are to help InternetNZ understand the triumphs and challenges you have faced to date in your mahi we have supported.

We want to celebrate your successes and understand the obstacles you have encountered so far. This will help us all to learn what we could do differently next time.

This form will be placed on our website for transparency.

Please complete and submit this form no later than the date stipulated in your funding agreement. Should you be unable to meet the deadline, contact us to arrange an alternative date, by emailing [funding@internetnz.net.nz](mailto:funding@internetnz.net.nz). You may not be eligible to apply for further grants from InternetNZ if this is not submitted. The completion of this form should be overseen by someone with an intimate knowledge of the funded mahi.

## Final project report

**\* indicates a required field**

For your convenience, you will find some information for this section has prepopulated from previous forms you have completed.

Please amend any details as needed to ensure we have the most accurate information.

### **Project title \***

Building digital confidence and internet awareness using a multi cultural approach.

### **Provide a short summary of the work that was completed as part of this project / research. \***

In 2020 Te Mana o Kupe surveyed whānau and students on their understanding and experiences of online safety . We then organised training sessions for a group of parent facilitators to run workshops for other parents and whānau. Those facilitators ran workshops in two schools from term 4 2020 till end of term 1 2021. The programme will be developed in four schools through term 3 2021

Describe the "who, what, where and when" of your initiative.

### **Is your mahi for this project complete? \***

Yes  No

If your initiative is still in progress, pick "no"

### **Start Date**

16/03/2020

Must be a date.

### **Finish Date**

30/04/2021

Must be a date.

### **When do you anticipate that your project / research will be completed?**

## 2020 Grant Round Final Report

### Application GR000142019/20 From Mrs Michele Whiting

Form Submitted 4 Jul 2021, 11:52am NZST

Must be a date.

Leave blank if this is an ongoing initiative or if finish date is unknown.

#### **Are there any areas where you need further support to complete this mahi?**

The work will continue with remaining funds from our donation and funding from another source. The costs are related to ongoing training for facilitators and payment for their work in schools.

#### **What are the outcomes of this project? \***

The findings from the surveys and interviews suggest that the knowledge and skills in digital devices by the facilitators and participants in the workshop have increased and that they have a better understanding of how their children's digital devices work. Teachers reported 'heightened awareness' among parents and students while the participants themselves reported greater understanding of things like pop-ups and how to monitor their children's downloads. The pre-workshop survey and post-workshop responses also suggest that these advances are building on a reasonable basis of awareness among parents, but they did learn new things.

The levels of trust and confidence between the participants also seem to have been enhanced. This comment from a facilitator seems to sum this up: "Enjoyed engaging with families, loved how open and honest comments were".

The progress made in achieving these outcomes suggest that the cause of digital inclusion has been boosted by this activity. The facilitators and participants in the workshops were from the socio-economically stressed area of Porirua East and from Pasifika backgrounds. The activity was designed to meet their needs, particularly given the leadership provided by the facilitators from the community. The work of the Trust and participating schools to promote digital competence in Porirua East through the Chromebooks in homes scheme has been helped by these workshops and together they are promoting digital inclusion.

Describe major achievements or outcomes of the project in terms of benefits for participants and/or others.

#### **Who have you worked with to make this project happen?**

The staff at Te Mana o Kupe .

Anjie Webster - Generation Online

Latu To'omaga - Facilitator

For example, staff, volunteers, other organisations or support that has been instrumental in this mahi.

#### **Describe any changes from the original proposal and the reason the changes were required.**

We were unable to address issues around the accessing of porn sites (secondary school did not stay involved). Some of our original objectives were too ambitious for this project , in terms of measuring outcomes of reduced bullying or visits to inappropriate sites. However as the project continues the schools involved will continue to survey students and compare results overtime.

We may use this information to help inform others undertaking similar work.

#### **What did you or your team/organisation learn as a result of doing this project? \***

The greater the input by parent facilitators on what should be shared in a workshop is sometimes more valuable than being 'told' by 'experts' what a presentation should contain.

Describe some areas for improvement and/or reasons for success and/or challenges. How will the

things you learnt inform future projects?

**How will you share the outcomes and lessons from this mahi? \***

We will share this with the principals and Boards of Trustees in the Porirua East Kāhui Ako and also the Porirua Digital Equity Group ( a recently established community group to address the equity gap in Porirua)

What channels/mediums were used?

**Which population group/s were affected by this project or program? \***

Age groups > Adults (people aged 18+)

Education status > Primary school students

Ethnic and racial groups > Indigenous peoples > Pacific Islanders

Ethnic and racial groups > Indigenous peoples > Māori

Please choose only the group/s that were at the very core of this project/program.

**Did you reach the audience you intended? \***

Yes but we need to reach a greater number of parents whose children do not own their devices.

The programme provided evidence of the link between ownership of a device, internet connection and positive parenting around online safety. So we need to encourage those schools who are not part of the Te Mana o Kupe Project to take up this programme also, increasing the numbers of whānau attending

Reflect on who you set out to help, and whether this changed at all through the course of the project.

**What has the feedback been to date? \***

Very positive feedback from facilitators and whānau participants about the content and tone of the sessions, particularly the sharing of personal stories in a safe environment.

Consider whether you have permission before quoting any specific piece of feedback.

**Have you experienced any issues with your intended project budget to date? If so, please explain reasons for any major variances or for providing incomplete information:**

The project was delayed in starting due to the Covid Lockdown. We had thought schools would have at least 2 sessions per term but this is possibly too many with the demands of school activities. We will continue to aim for two per term- one focussing on a skills programme.
