### Grant initiative update

#### Initiative title \*

West Tech X

#### Provide a short summary of the work that was completed as part of this initiative.

\*

Since accepting the grant, we have completed a successful cohort of West Tech with our partner school, Prospect Primary. 12 participants took part in an 8 week programme, where they learnt to disassemble and reassemble a laptop, perform a minimum configuration boot, diagnose and fix common faults and discussed how they can stay safe and resilient online with a youth worker they had a strong relationship with. On Wednesday 19th of July, we held a graduation ceremony at Prospect school where these 12 learners, alongside peers who took part in Zeal's first ever refurbish-a-thon, were presented with their very own refurbished laptop and certificates for completing the programme and demonstrating school values. Zeal provided facilitation alongside teachers from Prospect Primary and as a result, the teachers now have the confidence to facilitate whole cohorts on their own. This is a massive step forward for our digital equity kaupapa.

Describe the "who, what, where and when" of your initiative.

The evaluation toolkit was useful for understanding the impact Internet NZ is hoping to make and it aligned well with our programme delivery and how we measure our impact. This form was useful in the context of a general grant with a very short term delivery timeframe. If we are to do more work together in the future it may pay for us to collaborate on a longitudinal study to understand the longer term impacts cited in the evaluation toolkit. We're grateful for the opportunity and hope to work together again soon!

For example, feedback on the evaluation toolkit if you used it, the process of working with InternetNZ or anything else.
