

This is how the initiative is going to bring about change

<p>What is/are the initiative(s) goals?</p>					
<p>What changes are expected to happen with some time as a result of the initiative?</p>					
<p>What immediate changes are expected to happen as a result of the initiative?</p>					
<p>How is the initiative going to achieve change?</p>					
<p>What resources will be required to implement the initiative?</p>					
<p>Why is this initiative needed?</p>					

This is how the evaluation will generate the evidence to answer evaluation questions

What does your organisation, INZ and other stakeholder need to know?	What outputs and outcomes (identified on the previous page) refer to this question?	How will we know this was achieved? (How will we measure this?)	How will we collect the information?	How often and when do we need to collect the information?	What resources will be required for this task?
