### **Project title \***

Mis and Disinformation in Aotearoa New Zealand: Through the lens of Online Antisemitism

### **Provide a short summary of the work that was completed as part of this project / research. \***

We managed to interview over 30 experts in mis and disinformation and antisemitism, Jewish community leaders, and members of the Jewish community to investigate mis and disinformation and how it is used to promote online antisemitism. The second part of the research was an online survey that was completed by over 100 members of the Jewish community which investigated experiences and interaction they have had over the past 12 months or three years with online antisemitism. The work was extensive with participants coming from all over NZ, ranges in ages, genders and also points of view that were different within the Jewish community.

Describe the "who, what, where and when" of your initiative.

Must be a date.

Leave blank if this is an ongoing initiative or if finish date is unknown.

#### **Are there any areas where you need further support to complete this mahi?**

We need to be looking at educational resources that deal with mis and disinformation that will assist schools, community groups and parental groups.

#### **What are the outcomes of this project? \***

We were able to achieve a full report that contained a full analysis of the findings plus a well constructed infographic that allows readers to have a overview of the project (these are both attached). The benefit for anyone reading this as it there voice and their opinions expressed, it was about the Jewish community but those who participated drove the make up of the report, we gave them ownership of it. It has created debate, conversation and a way to look forward to discuss challenges within the community.

Describe major achievements or outcomes of the project in terms of benefits for participants and/or others.

#### **Who have you worked with to make this project happen?**

We worked with the survey company One Picture and designers and writers OpShop, leaders, organisations and members of the Jewish community in Aotearoa, Experts on m is/disinformation in Aotearoa and those who have worked on extremism in New Zealand. Teachers who shared from a educational point of view, international experts in mis/disinformation, and antisemitism.

For example, staff, volunteers, other organisations or support that has been instrumental in this mahi.

#### **Describe any changes from the original proposal and the reason the changes were required.**

Changes were made due to personnel involved in the project, we shifted also our focus to have a national reach and to draw experiences of the community and what they were saying but most importantly we wanted to link it to mis and disinformation in Aotearoa as it was source of so much online antisemitism.

We may use this information to help inform others undertaking similar work.

#### **What did you or your team/organisation learn as a result of doing this project? \***

We learnt that you can promote alot but not always will you get the numbers of results that you want, that their are many different points of view, no one answer and that you can only report on what you have been told and that we have done an excellent job of what we have achieved.

Describe some areas for improvement and/or reasons for success and/or challenges. How will the things you learnt inform future projects?

#### **How will you share the outcomes and lessons from this mahi? \***

Sent to all participants, on our website and it has been promoted via InternetNZ.

What channels/mediums were used?

#### **Which population group/s were affected by this project or program? \***

Education status > Intermediate school students

Education status > Secondary school students
