Initiative title *
Code Club Global partner meetup

Provide a short summary of the work that was completed as part of this grant. *
Code Club Aotearoa attended a global partner hui hosted by the Raspberry Pi Foundation in Penang, Malaysia, December 2-4, 2022.

The purpose of the meetup was to reconnect with global counterparts to share our mahi, learn from each other, and discuss our relationship as strategic partners of the foundation.

The agenda included a 4-hour strategic partner meeting with RPF and Code Club Australia and a full-day hui with organisations connected to RPF from South Africa, Nepal, Vietnam, South Korea, Malawi, Tanzania, Kenya, Ireland, Sri Lanka, the UK and Malaysia.
Describe the "who, what, where and when" of your initiative.

What are the outcomes of this project? *
The Strategic partner meeting allowed us to:

Review our partnership structure and obligations to one another

Share each of our organisations three-year strategies

Figure out potential areas for collaboration

Computing/curriculum trends in NZ, Australia and the UK

Working with underrepresented communities

Code Club content

Data collection- within our organisations and the partnership

Impact reporting

Asynchronous work models

The full-day hui allowed us to finally introduce ourselves and our work in person. As a strategic partner, I presented on Digital Future Aotearoa's best practices, impact, resources and our vision/goals. We had multiple break-out sessions to discuss:
