## Conference Report

### Conference attended

ANZCA (Australian & New Zealand Communication Association)

This question is read only.

### Location of the Conference

Canberra

### Start Date

03/07/2019

Must be a date.

### Finish Date

05/07/2019

Must be a date.

### What were the highlights and main takeaways of this conference?

The presentation went well, it was well attended, I made some good contacts in Australia and I emailed my slides and report to a couple of people doing work in similar areas.

I also got to see some high quality presentations from people doing work in the rapidly evolving area of digital political communications and digital democracy.

I also chatted to Routledge about the possibility of writing a book as part of a special section they have coming up on digital democracy.

The venue was also lovely, being the old parliament building.

What were the favorite sessions, any contacts you made, etc.

### What were the lowlights of the conference?

Canberra wasn't a great place. The student accommodation was also poor quality. I wouldn't stay there again.

What would you do differently?

### How will you plan to share your learnings with the New Zealand Internet Community?

I'm doing a talk at Victoria University Media Studies in October. Also, the article I wrote with Kathleen Kuehn has just been submitted to International Journal of Communication. This is an open-access journal. When that comes out I'd love to do an article in the Conversation. I'd also be keen to write a blog post for the InternetNZ website.
